

Acquisition of Anglo American Zinc

May 10, 2010

Cautionary Statement and Disclaimer

This presentation may contain information derived from publicly available sources that have not been independently verified. No representation or warranty is made as to the accuracy, completeness, reasonableness or reliability of this information.

Any forward looking information in this presentation including, without limitation, any tables, charts and/or graphs, has been prepared on the basis of a number of assumptions which may prove to be incorrect. This presentation should not be relied upon as a recommendation or forecast by Vedanta Resources plc ("Vedanta"). Past performance of Vedanta should not be relied upon as a guide to future performance.

This presentation contains 'forward-looking statements' – that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as 'expects,' 'anticipates,' 'intends,' 'plans,' 'believes,' 'seeks,' or 'will.' Forward-looking statements by their nature address matters that are, to different degrees, uncertain.

For us, uncertainties arise from the behaviour of financial and metals markets including the London Metal Exchange, fluctuations in interest and or exchange rates and metal prices; from future integration of acquired businesses; and from numerous other matters of national, regional and global scale, including those of an environmental, climatic, natural, political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different than those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements. This presentation is not intended, and does not, constitute or form part of any offer, invitation, inducement or solicitation of an offer to purchase, engage in investment activities relating to, or otherwise acquire, subscribe for, sell or dispose of, any securities in Vedanta or any of its subsidiary undertakings, nor shall this presentation (or any part of it) or the fact of its distribution form the basis of, or be relied upon in connection with, any contract or investment decision relating to any securities in Vedanta or any of its subsidiary undertakings.

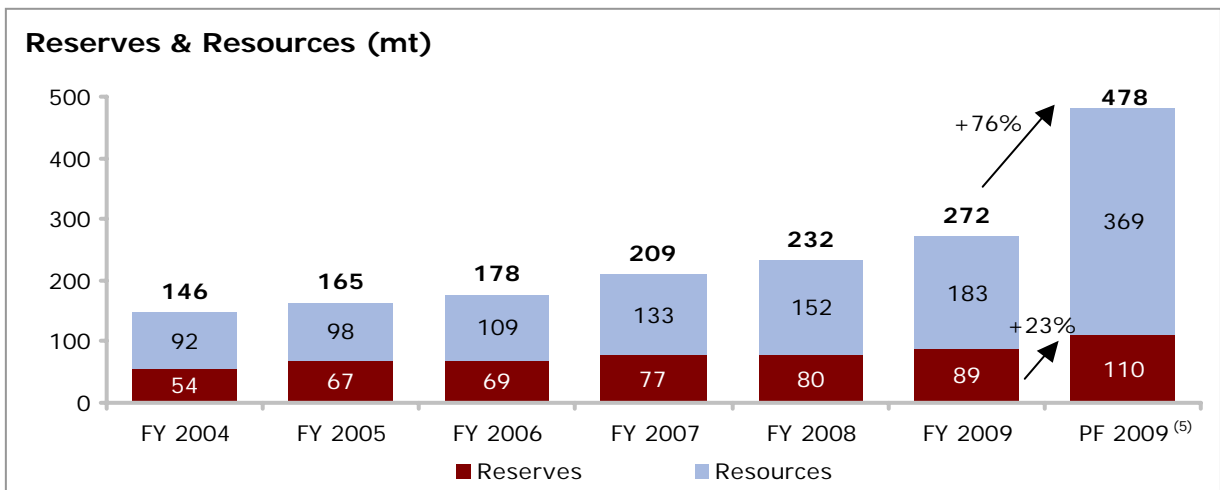

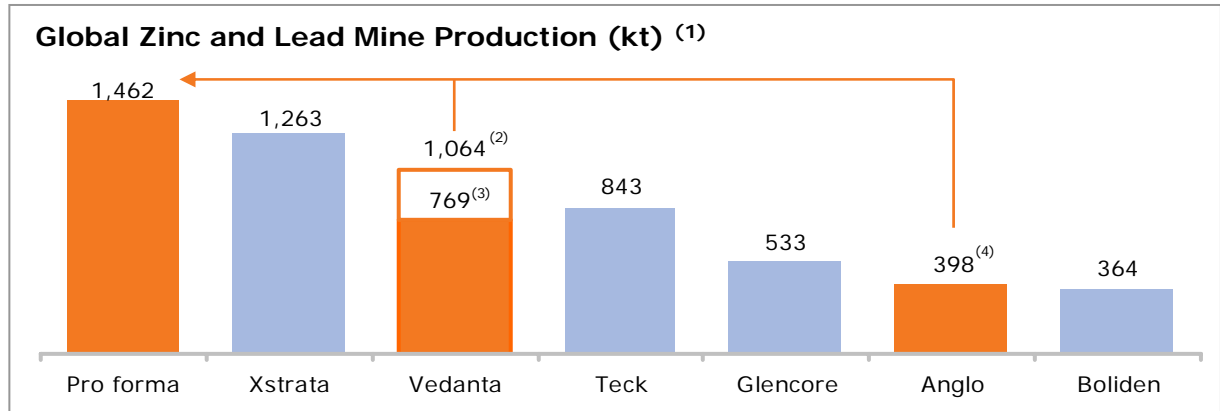

Transaction Highlights

- On 10 May 2010 Vedanta announced it will acquire Anglo American's portfolio of zinc assets ("Anglo American Zinc") for an enterprise value US\$1,338m as at 1 January 2010
- Portfolio of assets:
 - Lisheen mine in Ireland - 100% acquired
 - Skorpion mine in Namibia - 100% acquired
 - Interest in Gergarub project in Namibia –co-exploration agreement with Rosh Pinah
 - Black Mountain Mining, comprising the Black Mountain mine and including the Gamsberg project, both in South Africa - 74% acquired, remaining 26% stake is held by Exxaro
- Anglo American Zinc has significant growth upside that will benefit Vedanta's shareholders
- Fund transaction from existing cash resources of \$7.2bn as at 31 March 2010
- Acquisition intended to be undertaken by Hindustan Zinc Limited
- Transaction subject to regulatory approvals and expected to complete within 12 months

**Unique opportunity to acquire high quality
assets with significant expansion potential**

Transforming Transaction

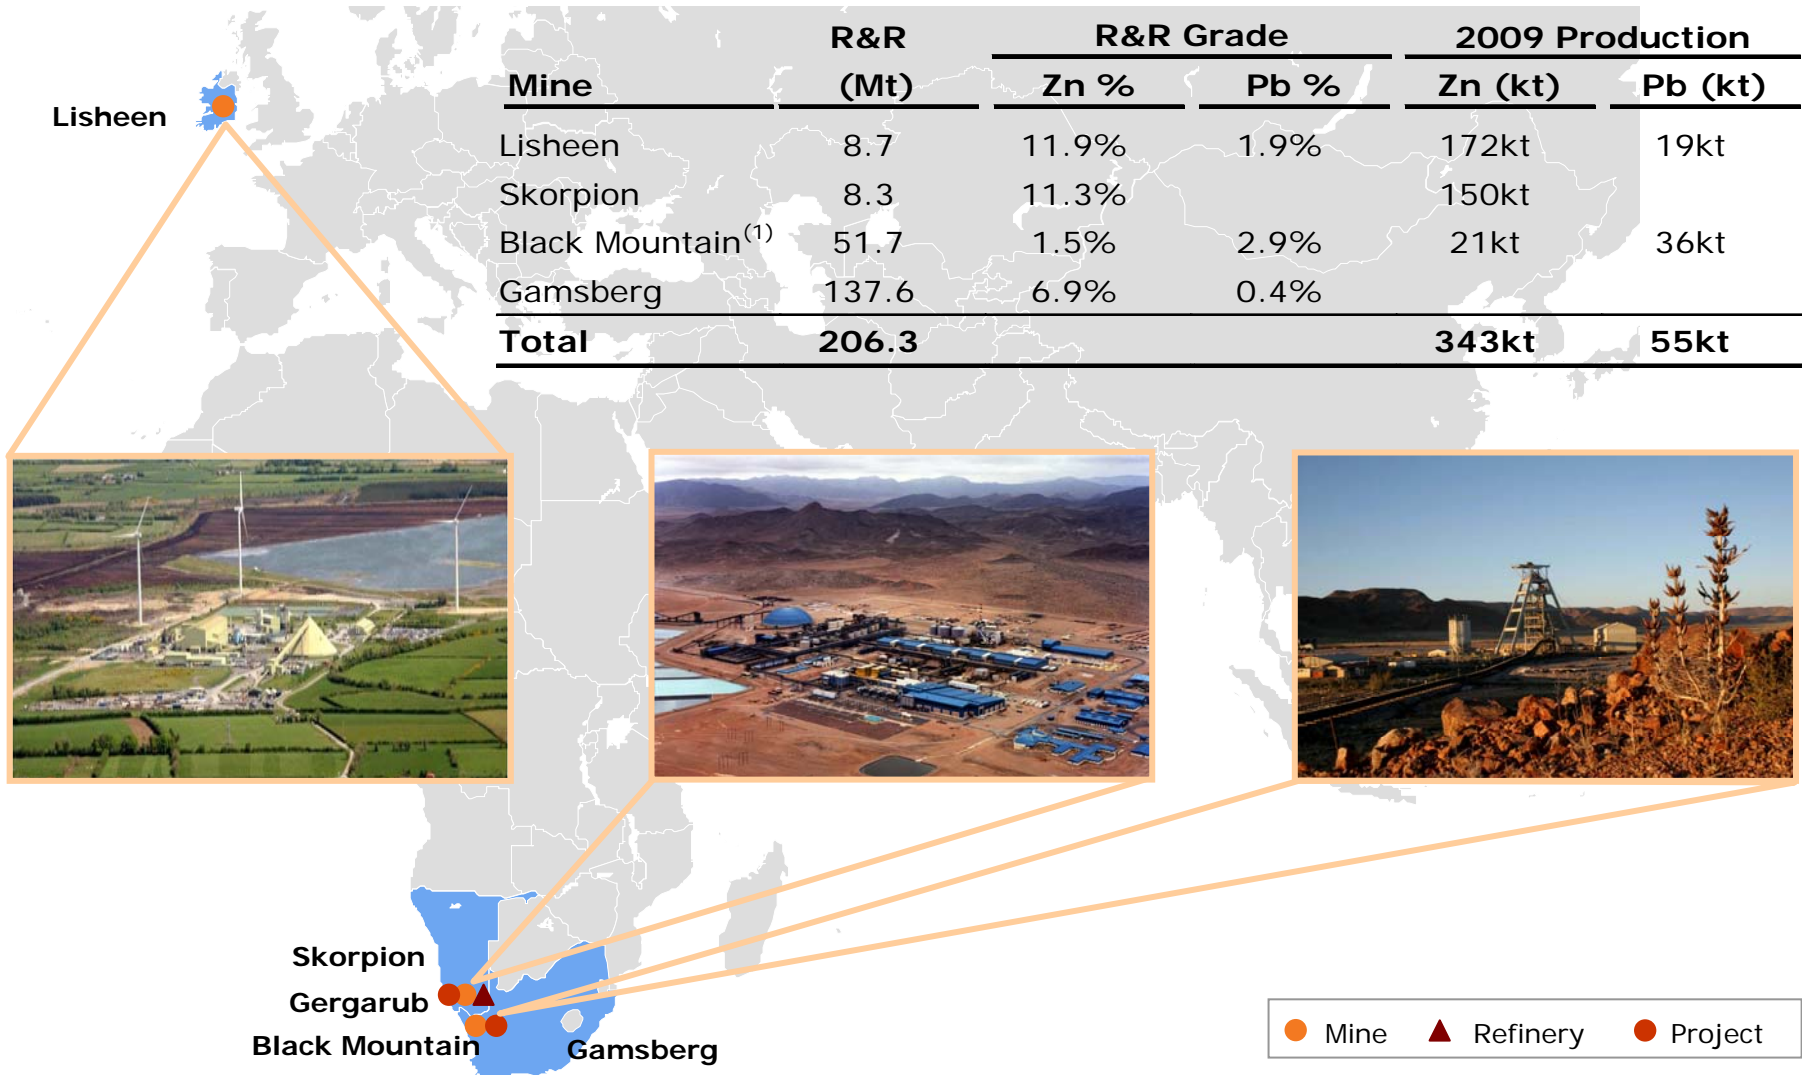

- Consolidates Vedanta's position as the world's largest integrated zinc producer
- 37% increase in overall zinc and lead production capacity
- 23% increase in reserves and 76% increase in total reserves and resources
- Future growth through Gamsberg and Gergarub, with Vedanta's proven track record to deliver projects at benchmark cost and time lines

Note: 1. Based on production of zinc metal contained in concentrate.
 2. Targeted production capacity on 100% basis
 3. Actual production as of year end March 2010 on 100% basis
 4. Attributable, adjusted for 26% ownership of Exarro in Black Mountain Mining
 5. Anglo American Zinc contribution is on attributable basis, adjusted for 26% ownership of Exarro in Black Mountain Mining

Anglo American Zinc: World Class Zinc Portfolio

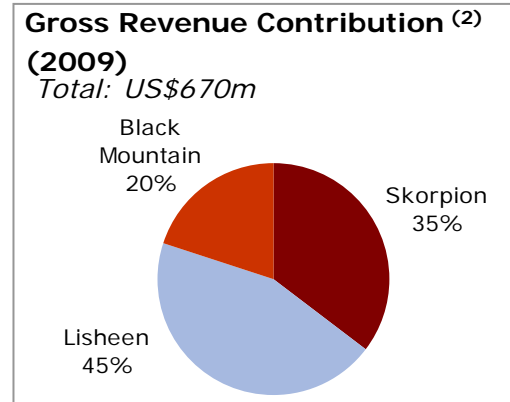

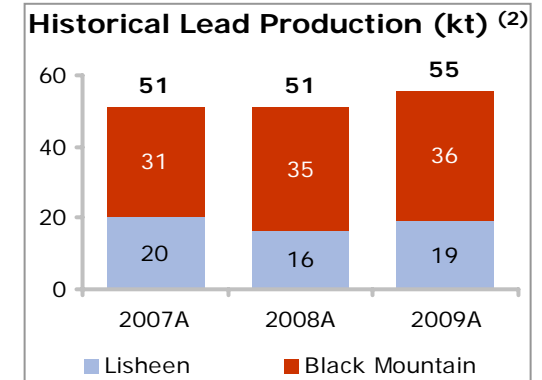

Notes: 1. Attributable, adjusted for 26% ownership of Exxaro in Black Mountain Mining

Asset Overview

Asset	Description
Skorpion, Namibia (100%)	<ul style="list-style-type: none"> One of the world's largest open cast and integrated zinc refining facilities Unique technology to extract zinc metal from zinc oxide ore Production commenced in 2003
Gergarub, Namibia (co-exploration agreement with Rosh Pinah)	<ul style="list-style-type: none"> Zinc-lead sulphide deposit Discovered in 2008
Black Mountain, South Africa (74%)⁽¹⁾	<ul style="list-style-type: none"> Underground mine producing zinc, lead and copper concentrate Mine life extension past 2020 possible New mining infrastructure related to deep shaft coming online mid-2010
Gamsberg, South Africa (74%)⁽¹⁾	<ul style="list-style-type: none"> One of the world's largest undeveloped zinc deposits, located near the Black Mountain mine Total resources of 186mt, located in two ore bodies Potential to produce 400 ktpa of zinc
Lisheen, Ireland (100%)	<ul style="list-style-type: none"> Underground mine producing high-quality zinc and lead Production commenced in 1999

■ Mines ■ Projects

Notes: 1. Exxaro Resources owns the remaining 26% of Black Mountain and Gamsberg
2. Attributable, adjusted for 26% ownership of Exxaro in Black Mountain Mining

Significant Growth from Gamsberg

- Gamsberg is one of the largest undeveloped zinc deposits in the world
- Total resources of 186 mt within 2 ore bodies ⁽¹⁾
 - 154 mt at Gamsberg North at 6.3% Zn ⁽¹⁾
 - 32 mt at Gamsberg East at 9.8% Zn ⁽¹⁾
- Potential to produce up to 400 ktpa zinc at Gamsberg North
 - implies a mine life of over 20 years
 - potential to expand production to 530ktpa through development of Gamsberg East
- Project is at a well developed stage
 - pre-feasibility completed
 - technology finalised
 - environment clearance obtained⁽²⁾
- Intend to commence development upon completion of transaction

Vedanta committed to developing one of the world's largest, high quality, zinc assets

Notes: 1. Stated on a 100% basis
2. Up to concentrate stage

2020E Zinc Industry Production ⁽²⁾
