About Vedanta Resources

Vedanta Resources Limited (“Vedanta”) is a diversified global natural resources company. The group produces aluminium, copper, zinc, lead, silver, iron ore, oil & gas, and commercial energy. Vedanta has operations in India, Zambia, Namibia, South Africa. With an empowered talent pool globally, Vedanta places strong emphasis on partnering with all its stakeholders based on the core values of trust, sustainability, growth, entrepreneurship, integrity, respect, and care. Good governance and sustainable development are at the core of Vedanta's strategy, with a strong focus on health, safety, and environment, and on enhancing the lives of local communities. The group has a strong focus on achieving best in class ESG practices. The group's CSR philosophy is to eradicate

poverty and malnutrition with a focus on development of women & children. For more information on Vedanta Resources, please visit www.vedantaresources.com .

Disclaimer

This press release contains “forward-looking statements” – that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as “expects,” “anticipates,” “intends,” “plans,” “believes,” “seeks,” “should” or “will.” Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, uncertainties arise from the behaviour of financial and metals markets including the London Metal Exchange, fluctuations in interest and or exchange rates and metal prices; from future integration of acquired businesses; and from numerous other matters of national, regional, and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different that those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.
